

Darco Peg Assist System + Insole

An extremely effective insole system that enhances patient mobility by offloading pressure from the plantar aspect of the foot.

The Darco Peg-Assist Insole is built around a multi-purpose removable peg insole that effectively off-loads the plantar aspect of the foot. This system comes with a dedicated toe covering to protect the foot and bandages from dirt and cold. The Peg Assist Insole is also available separately.

Features & Benefits

- Easily removable pegs that off-load pressure from any area of the plantar surface of the foot.
- Peg system protects patient from wounds and ulcerations.
- Pressure is reduced allowing enhanced patient mobility.
- Comes with a self-adhesive Peg Support Board that keeps pegs from collapsing

Indications For Use

- Available as an insole for most Darco orthopaedic footwear.
